A SAD ALLIDER?

An lusane Women Frenches and is killed by Falling from a Precipica.

New HANEN Int 19 The insense w feed Prot Waide of Vale college excap of from her keeper hits morning and no trace of her has yet been fained. Rectifiations at the cellings were suspended and the students bursel to the search.

She was first missed attent o'clock. A hasty senirel revested the furthest the lader had scantily sturred berself in a wrastiner and with nothing but to clock this asternoon nearly 600 chidents and at least 200 citizens were searching in an directions for her. About 4 o clock che was found at Pine Rock a few miles from the Waide residence. As the parts approached hirs Waido was trying to ascend the face of a rock which is very tearly perpendicular and they called to her to wait until they would come to her assistance. At that moment she slipped on a rock and foil in adlong down the precipite striking among the the rooks at the foot of her friends, slike lived but a few minutes after being picked up.

Mrs Waido was \$5 vegre of age, and leaves two young children. It is thought her invanity dates from the birth of her last child three months ago the way a native of 1 lift adelphia, and a niece of link, fe allierton of New York. Today's sad the deal recoils the ait implied suicine of Mrs. Waido 's sister, in July last.

R. VANIIONOSS.

SENAIE AND BYECUIII E

At last the president and senate are distinfty tissue on the question of appointments. The resident has suspended many officials, the sen demands the papers on schirt, the remay its were made, and the prendent defines to funch them. The senate in 1s turn refuses to confirm the prendent number by the prendent to succeed the suspended officials, and its juit uy committee, in an elabora e report, so s to th

There is no doubt that the deage through the history of the government has been just ed by the principary committee. That is, itional competence of either house of his vary plain. Applied to the present situal servants, and the senate therefore wints

eident simply resolved to put political oppients out that he might put political friends in. had done enough of this same thing in ree now to put republicans out her are the Pullicans True, there is the president's hat this sort of thing skouling the dage ir official misconduct, or the president so, but that the sole reason for their

supers is a matter of another kind. The debate n the senate some days ago and the report of he senate's publicanty committee, pust published would seem to leave no doubt as to this right senator Sherman made a speech on this subject the 8th of Pebruary, which has been wide: cepted as a settlement of the ruestion for a statement of his own motives or reason and in accord with this principle he drew a istinction between the reasons which ial, and the information which he considered reaching the conclusion. He declared that r. Cleveland was right in holding that, as a d-ordinate branch of the government, he was ot bound to give his reasons for an official act, a which respect he only followed the course of during the latter's administratine. The did you do this thing " than the president has to sek the senate, "Why did you pass this law" But be aftirmed at the same time that the senate had an unquestionable right to call upon the president for all information, not confidential in the nature, upon which his action was based. "Nohody" said "Sterman, "pro poses to control the discretion of the presitment—that is, he makes the nomine Why did he make that nomination

dent in suspending an official. He is as independent as we are, but he must not control our discrete. He must not not control our discrete the same supposed in ratic president upon these lines, the forme ald appeal to the country with entire confi-ence that they would be sustained by popular ntiment. What they melst upon, so far as they
, is simply publicity regarding appointments
d removals alike, and publicity is the fundamental principle upon which a government v

THE TRANSCONTINGSTAL B IR

Very important consequences are likely to fol-dow such a situation. A war of lates is inevitand such a signature A war of race is describe—has begun already, in fact Each company is bent on giving its rivals a lesson and it is not to be expected that so many lessons will be fearned in a little while. The end will be a new pool, of curse, but it will take some months of warfare of develop the terms of another arrangement The "cut will affect both passengers and freight and we are their to see cheaper rates for transportnental business than at any former time. The Central Pacific has already reduced its passenger Central rather has already retuced the precenter theriff and is preparing to make a proportionate cut on freights. The Northern Pacific and Short Line have not yet moved, but they with have to cut rates a protect their territory from the Conpetition of the California raths.

certainly ineed with ocean competition for the swarp a Navigati a, it will be seen, is in a post-swarp a Navigati a, it will be seen, is in a posttion where it cannot remain near it, where to favor its natural connections, the Nor here Pa-

saves its real business it will reside the first ship for a interface of meetions, and so it real business. The oregon Pacific, tangon tar, with 10 seamer connection with San Francisco of a form a the case. This line will enable the California loads to reach the whole of western and southern Oregon, quite independent of the Oregon Hallway t No. ga-Metory of transportation to company was ever put n a more complex and difficult per 1 1. If the war should become bifter, either on accommodified is likely to demand determinant magains, be other, and either is n a position to infine, a ter

large stocks got in before the cut will had it a bardship to compete with reals who has the bench of a reduction 1 onsiderable cit to passeriger rates will no daubt be the means of adding to our mobilition, but in the present siste of afface a the d of turn legants of the clump class will be a positive disadvantings that my their may be in a regret of this class to mi their way here, no the

hell fough, the great aposite of temper nee, fled in Frankford, Penusylvinia, but the flem are of the list man, at the age of st after an of the lish mat, at the passes years. He as starten with pradicis 3 on lay un church at I rankford, his last articulate it to courte at reaktord, his fast art, critic in telance being, 'Veing man, make you rec-eid clear.' Mr Getigh was an Englishinan by buth, having come to America in his, twelfth year. He was at whomete by hind, and pur-sued to be weathern in New York city from 1831. I lead but off not meet with success, owing to his extremely intemperate habits. He specific time in the leavest gradient, singuity and and acting the buffern for his deams, suffered frequently the tortures of felicitum tremens, lost ance advocage of the by, having in his time total abstinence was unlo mided, be muse moss as con religions to temperame literature and as records of the ten perance ciators and choit of

with the Pennsylvania railroad company went into effect the first of the present month. The object is to create a teneficially fund for its our -- from \$35 to \$100 for mon h The pay nents in case of death by accident are graded from \$5,010 \$2500, and in case of death from natural causes, at from \$5.00 \$1250. Surgical attendance will be furnished from meass of accident der t, and medical (a e is guaranteed at moderate rates. The dues and assessments are fixed at a nemark of the company will pay all three expenses of the found an icover all define expenses of the found an icover all define the found as a simple one, and a considered for only equable, but generous. If it strengthens the bond of raterest between a great corporation and its employes, it will per-form a double part, and one that will cont-mend it to the careful consideration of corporations that it togmize the difference between
